Math Section Sub Topic Analytics

Benchmark	Score Range	Description
Need Improvement	<1070	The student is within the 50th percentile, which places the student in the bottom half among all test takers. Students who earn this score are severely lacking in both basic English comprehension (reading and writing) and understanding the basic Math concepts.
Above Average	1070 - 1200	The student is within the 75th percentile, which places the student in the top quarter among all test takers. Students within this score range have an adequate understanding of the English language (reading and writing) as well as some basic understanding of Math concepts.
Good	1201 - 1300	The student is within the 87th percentile, which places the student in the top 13% among all test takers. Students within this score range have a good understanding in English (reading and writing) and possess good basics in Math.
Great	1301 - 1400	The student is within the 94th percentile, which places the student in the top 6% among all test takers. Students within this score range have a great understanding of English (reading and writing) and perform really well in Math.
Excellent	1401 - 1500	The student is within the 99th percentile, which places the student in the top 1% among all test takers. Students within this score range have a strong English comprehension (reading and writing) and possess mastery in Math.
Perfect	1501 - 1600	The student is above the 99th percentile, which place the student in the very top list among all test takers. Students within this score range have a very strong English comprehension (reading and writing) and a full mastery in Math.
